Continuation of Identification of prior art discussed: Examiner informed Mr. Elchuk that claims 1, 5-13, 16-17, 20, 22, 24-25, 27-38 and 40-44 were allowable for reasons set forth in the Office Action of 3/30/2004. Examiner expressef how the insertion of 'linearly' into claim 39 does not put it in condition for allowance because the release member of Lang, #124, moves along a line, though it me a curved line. Mr. Elchuk suggested inserting the allowable subject matter of claim 40 into claim 39. Examiner agreed that would make claim 39 free of the prior art. Examiner noted that claim 39 is directed to a method of making a vacuum cleaner howeer the claim fails to set forth a nozzle structure and that pages 2-3 of the Office Action of 3/30/2004 did not appear to be addressed in the amendment of 6/25/2004. Mr. Elchuk agreed to submit a supplemental amendment to insert the allowable subject matter into claim 39, to address pages 2-3 of the Office Action and to correct any other informalities.
